

The Student Activity Fee for 2007-08 was \$297 and used to support the operation, maintenance and debt service expenditures for Student Centers and for support of various student activities as determined by the Student Budget Board. For 2007-08, \$975,928 was allocated to support various student organizations, which included a base allocation of \$870,000 for fiscal year 2007-08, and \$104,044 of unspent funds carried forward from the prior fiscal year.

Student organizations applying for student activity fee funding must submit budget requests to one of two budget boards. Only organizations that have registered with the Department of Student Activities are eligible to submit a budget request. All organizations appear before the appropriate board to present their requests and to answer questions of the board members. Both boards are governed by funding policies approved by the Commission on Student Affairs (CSA).

The Student Budget Board, a committee of the Commission on Student Affairs, is responsible for reviewing budget requests and making annual funding and contingency decisions for University Chartered Student Organizations (UCSO) and University Student Life Programs (USLP) organizations. The Student Budget Board is accountable to the Commission for its funding decisions and for approval of its policies. Its membership is composed of students, staff, and faculty. The Student Budget Board is chaired and advised by the Associate Director of Student Activities for Campus Programs, a full time administrative staff person in the Department of Student Activities.

The Student Budget Board has an auxiliary board that is responsible to it for funding undergraduate and graduate Registered Student Organizations (RSO). The Registered Student Organization Budget Board (RSO BB) is chaired by the Assistant Director for Student Organizations. This board makes annual funding and contingency decisions and also administers the small grants program.

The RSO BB was created this year to combine what was previously the Student Government Association Budget Board (SGA BB) and the Graduate Student Assembly Budget Board (GSA BB). The Student Government Association (SGA) President and the Graduate Student Assembly (GSA) President both requested, through CSA, in the spring 2006, to combine these board into one board with six (6) undergraduate student members and six (6) graduate student members. In the Spring of 2008, the Associate Director of Student Activities and the Assistant Director for Student Organizations reported on the effectiveness of this combined board, to the Presidents of SGA and GSA and it was decided to keep this model in place.
