

The Student Activity Fee for 2008-09 was \$303 and used to support the operation, maintenance and debt service expenditures for Student Centers and for support of various student activities as determined by the Student Budget Board. For 2008-09, \$1,018,344 was allocated to support various student organizations, which included a base allocation of \$944,000 for fiscal year 2008-09, and \$72,344 of unspent funds carried forward from the prior fiscal year.

Student organizations applying for student activity fee funding must submit budget requests to one of two budget boards. Only organizations that have registered with the Department of Student Activities are eligible to submit a budget request. All organizations appear before the appropriate board to present their requests and to answer questions of the board members. Both boards are governed by funding policies approved by the Commission on Student Affairs (CSA).

The Student Budget Board, a committee of the Commission on Student Affairs, is responsible for reviewing budget requests and making annual funding and contingency decisions for University Chartered Student Organizations (UCSO) and University Student Life Programs (USLP) organizations. The Student Budget Board is accountable to the Commission for its funding decisions and for approval of its policies. Its membership is composed of students, staff, and faculty. The Student Budget Board is chaired and advised by the Associate Director of Student Activities for Campus Programs, a full time administrative staff person in the Department of Student Activities.

The Student Budget Board has an auxiliary board that is responsible to it for funding undergraduate and graduate Registered Student Organizations (RSO). The Registered Student Organization Budget Board (RSO BB) is chaired by the Assistant Director for Student Organizations. This board makes annual funding and contingency decisions and also administers the small grants program.
